

Machanical assessories

Syphon tube series MA.94

Syphon tube
Accessories for pressure instrument

General features

- Accessories for pressure instrument
- Cooling element for protection from excessive heating of liquids, gases and vapours.

Application area

The geometries of the syphons in accordance with DIN 16282 are divided into U-form and trumpet form. Inside the syphon, condensate is collected, which prevents the ingress of hot media into the pressure measuring instrument. It is recommended to fill the syphon with a cooling separating liquid before commissioning the pressure line.

General specification

Shape

U-form : horizontal tapping

Trumpet-form : Vertical pressure tapping

Material

St. steel

Others on request

Gauge connection

PF1/2" female+ PF1/2" male
